J. M. NEELY,
THE SHOE AND HAT MAN
Merchants' Block. Ocala, Fla.

A Double Wedding.

The new Christian church at Fellowship was the scene of intense animation last Wednesday evening, when Mr. Wallace A. Kelsey and Mrs. Louise Clark Sistrunk, and Mr. Geo. Ira Singleton and Miss Ollie Clark were united in marriage, Rev. W. H. Coleman, of this city, officiating.

The church was handsomely decorated in honor of the occasion. An immense marriage bell of white roses was suspended above the altar.

Mr. Kelsey is a popular conductor on the Plant Railway, and his friends are co-extensive along that system.

Mr. Singleton is the railway agent at Martel, and is a popular young man with a promising future.

The brides are sisters. They are natives of Fellowship and are members of one of the oldest and most esteemed families of the county.

Mr. and Mrs. Kelsey and Mr. and Mrs. Singleton were registered at the Ocala House yesterday and took the northbound train for Miami and other points of interest in the state. They will be absent a fortnight.

A Testimonial From Old England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by the Anti-Monopoly Drug Store.

Doings in the Legislature.

The bill for the relief of the supreme court passed the senate Wednesday.

Bills also passed that by authorizing the city of Jacksonville to levy a tax for the support of free libraries, and increasing the pension to ex-Confederate soldiers.

The bill making eight hours a day's labor was killed, as were the bills to furnish free school books and uniform text books.

A bill was passed in the house of representatives making the term of office of tax assessors and collectors four instead of two years.

A bill was also introduced appropriating \$2,500 for the aid of the state fair.

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded, for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure constipation and sick headache. Only 25c at Garrett & Gerig's drug store. 1

Mark Twain's Best.

"The Person Sitting in Darkness" is the strongest article America's great humorist has ever written. It is reprinted from the February number of the North American Review by the Anti-Imperialist League of New York, and will be sent to any reader of the Ocala Banner by Mr. E. W. Ordway, secretary of the league, 150 Nassau street, room 1520, N. Y., by inclosing him a 2-cent stamp.

The Best Prescription for Malaria

Chills and fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 20c.

Two Bank Officials Kill Themselves.

A dispatch from Vancouver, Wash., states that Charles Brown and E. L. Canby, president and cashier respectively, of the First National Bank of said city, being short in their accounts to the amount of \$81,000, and being confronted with their crime, deliberately committed suicide. Brown was fifty-four years old and Canby was fifty-two.

We do not sell goods at cost, but do sell goods as cheap or cheaper than those who advertise that they sell at cost. Try us and save money. Tydings & Co.

MARRIAGE AT FORT PIERCE.

Judge Tye, of Kentucky, and the Youngest Daughter of Capt. W. J. Tucker.

A very happy wedding party, consisting of the immediate relatives of the bride, assembled at the home of Captain Tucker, at Fort Pierce, to witness the nuptials between his daughter, Miss Stella, and Judge Hiram Tye, of Williamsburg, Ky., which took place at nine o'clock, Wednesday morning.

The ceremony was performed in the parlor of the captain's residence, which had been beautifully decorated with flowers by loving hands, and the young people, attired in traveling suits, made a very handsome couple. Nothing could be more beautiful than the Episcopal marriage service; and the musical, soft voice of Archdeacon B. F. Brown, of Titusville, who officiated, charmed all hearers.

After the marriage, a sumptuous wedding breakfast was served, and the happy young couple were then escorted to the northbound train, where a crowd of friends attended, and saw them off to their Kentucky home, amid a shower of congratulations and rice.

Judge M. S. Jones, of Titusville, a cousin of the bride, returned here yesterday, and says that nothing could have been more charming than this ceremony under the ministrations of Archdeacon Brown.

Many very handsome, ornamental and useful presents were made to the bride, and, being beloved by everybody, the best wishes of the whole community have gone with her to her new abiding place.

The groom is a young man of exemplary character and of marked ability, as well as being a general favorite in the section where he resides, while the bride is one of Indian River's most charming and bright young ladies.

The Advocate joins in wishing the happy pair a long life of conjugal bliss and prosperity.—Titusville Advocate.

Hon. W. J. Tucker, the father of the bride, formerly resided in this city, and was for four years superintendent of public instruction. The young lady is a native of this city, and the Ocala Banner extends its best wishes.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

THE STATE FAIR.

Exhibits Should be Accompanied by Data as to Mode of Culture, Etc.
Florida Needs Farmers!

To the Editor of the Banner:

I am glad to see that you are actively urging the project for holding a state fair this year in Florida. A properly conducted fair will be a benefit to the state. Very few people are aware of the long list of products that may be profitably produced in Florida. What is needed is a knowledge of what they are, the mode of cultivation, the amount of yield and the profits to be derived from them. Hence every exhibit should be accompanied by a clear statement of the mode of cultivation, the cost, and the process of treatment where there may be a manufactured product. This will be useful to the people of our state as well as those who may come from other states to visit our fair.

Another thing: The railroads stand to be largely benefitted by an increase of the agricultural products by our people. Why can they not offer a premium in land for the best five acres of corn, with an accurate statement of the cultivation, amounts and kinds of fertilizer, etc. The roads have large bodies of land that they are anxious to sell to men who will cultivate crops that will create freights. I would suggest three prizes for this purpose—one of forty acres for first premium, and two of twenty acres each for second and third—to be located near the line of the road offering the prize.

We need pastures. It is not possible to have good stock in the absence of good pasture. I have seen grass growing in the state that will make good pasture, that will grow luxuriantly on our soil, and that is calculated to enrich our state if taken hold of and

Spring Cleaning

You are made aware of the necessity for cleansing your blood in the spring by humors, eruptions and other outward signs of impurity.

Or that dull headache, bilious, nauseous, nervous condition and that tired feeling are due to the same cause—weak, thin, impure, tired blood.

America's Greatest Spring Medicine is Hood's Sarsaparilla.

It makes the blood rich and pure, cures scrofula and salt rheum, gives a clear, healthy complexion, good appetite, sweet sleep, sound health.

For cleansing the blood the best medicine money can buy is

**Hood's
Sarsaparilla**

It is Peculiar to Itself.

given its proper place in our scheme of farming. Why not give attention to it?

There is a great amount of land that will produce upland rice. Why not produce upland rice? Every part of the plant has a commercial value—the grain, the straw, the roots, and even the chaff. Rice yields about three times the amount in bushels per acre that wheat does and rules higher in price. Professor Stille, of Alabama, has, after many years of experimenting with seed from all countries in which rice is grown, succeeded in securing an upland rice which does well on the pine lands of his state, and of course the same results would follow on our flat woods lands. It is worth trying.

There are a hundred other things I would like to call your attention to in this connection, but am too tired to go further at this time.

Florida needs farmers!

It shall be the office of the promoters of a state fair to point the way to so desirable an end. B

**The Best Remedy for Rheumatism—
Quick Relief From Pain.**

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists, of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism on the market." For sale by the Anti-Monopoly Drug Store.

Dr. J. Delton Fancher.

The above named gentleman representing Foley and Co., of Chicago, manufacturer of Foley's honey and tar and bann-r salve, is visiting Ocala in the interest of his firm.

It is stated that Mr. Schwab, the manager of the newly formed steel trust is paid a salary of \$800,000 per annum, and big as the salary is, it is money in the pockets of the company to pay it because of the splendid reputation he has for driving a keen trade.

The Ocala Banner will pit Dr. Fancher against him. It does not know what salary the company is paying the Doctor, but whatever it is he is worth every cent of it.

He can discount Mr. Schwab and give him two in the game. He can make the editor believe that he is doing a beneficent act to discount his space one half or more to so valuable a remedy as Foley's honey and tar.

Dr. Fancher is easily king of the patent medicine commercial tourists. His words are sweeter than honey and for genuine sickening qualities he would make tar ashamed of its adhesiveness.

In the genial Doctor's make up the qualities of honey and tar are admirably blended.

**All
Tired Out**

weak, exhausted, and energy all gone. It's because your Liver and Kidneys are deranged. Do not neglect these warning symptoms but use

**Dr. Thacher's
LIVER AND BLOOD SYRUP**

today. It tones, builds up, and keeps the entire system in a healthy condition and makes you strong and robust.

Your druggist has Dr. Thacher's Liver and Blood Syrup, or he can get them. If he won't, send us 25 cents for a package, or 50 cents for a bottle.—But Try Your Druggist First.

Write our Consultation Department, explaining your symptoms and receive free confidential advice.
